

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

Lake Francis MWC June 12, 2026

BOIL WATER NOTICE

Boil Your Water Before Drinking or Food Preparation to Avoid Illness

Due to the recent [distribution water line repair](#) which occurred on 6/12/2026, the State Water Resources Control Board, Division of Drinking Water, the Yuba County Health Department, and the Lake Francis MWC Water System are advising residents of [Lake Francis MWC](#) to only use boiled tap water or bottled water for drinking and cooking purposes as a safety precaution to avoid stomach or intestinal illness. The affected area includes: [Lake Francis MWC water system](#).

We will inform you when tests show that water is safe to drink, and you no longer need to boil your water. We anticipate resolving the problem within [1 week](#).

If you have questions about other uses of tap water, such as bathing and dish washing, please call your water system or read this guidance: https://waterboards.ca.gov/drinking_water/certlic/drinkingwater/documents/notices/cdc_wtd_bw_advisory.docx

Do not drink the water without boiling it first

- Boil all water for one (1) minute (rolling boil).
- Let water cool before drinking.
- Use boiled or bottled water for drinking, brushing teeth, and food preparation until further notice.
- Boiling water kills bacteria and other organisms in the water.

If you are unable to boil your water:

Household unscented liquid bleach

- For clear water, use 8 drops (1/8 tsp.) of bleach for 1 gallon of water. For cloudy water, filter through a clean cloth and use 16 drops (1/4 tsp.) of bleach for 1 gallon of water.
- Mix well. Allow to stand for 30 minutes before using.
- Water may taste or smell like chlorine. This means disinfection has occurred.

Water disinfection tablets

- Please follow the manufacturer's instructions.
